# In order to safeguard your interest, it is important that all the documents are duly completed and signed by you, prior to being handed over to the Bank/Bank Employee. 

## CORPORATE INVESTMENT DECLARATION FORM

## IMPORTANT - PLEASE READ CAREFULLY BEFORE COMPLETING THIS DECLARATION FORM OF RISK APPETITE

The series of questions below help inform Citibank of the risk appetite of the Partnerships/ Non-Profit Organizations (only societies)/ Private Limited Companies/ Public limited Companies (the "Investor") prior to the Investor's selection of and investment in appropriate investment / treasury product(s).
Based on the information you (the authorized representative of the Investor) provide hereunder, Citibank will assist the Investor in identifying the products that meet the Investor's risk appetite. It is thus very important that accurate and complete information in relation to the Investor is provided, as it will affect the appropriateness of our product offering(s). You hereby acknowledge and agree for and on behalf of the Investor that if inaccurate and / or incomplete information is provided, and / or certain information is not disclosed, such action will adversely affect the appropriateness of our product offering(s), for which Citibank shall take no responsibility.

Please note that your investment risk profile generated through Risk Profile Questionnaire (RPQ) is valid for a period of 12 months from date of profiling and requires renewal atleast once in 12 months.
Once the validity of your risk profile expires after 12 months, you will be unable to perform any incremental investment transaction on your account until the risk profile is renewed. This helps us to better understand your risk profile in this changing environment.

## Axis Bank is an AMFI registered Mutual Fund Distributor

FINANCIAL INFORMATION

1. What is your total liquid net worth?

Liquid net worth or shareholder's equity is your total assets minus your total liabilities. Please do not include real estate or the value of this or other businesses you own. $\qquad$ INR
Note: Only investments in INR will be considered for investments in this account.

#### Abstract

The following questions are designed to help us evaluate your risk appetite in taking investment/portfolio risks in your investment services account. Tick the appropriate answer to each question.

## RISK ATTITUDE

1. Which of the following statements best describes your investment objectives for the account(s) in this relationship?

| a. $\square$ | Capital Preservation - A preference for preservation / relative safety of invested capital with returns in line with short-term money market |
| :--- | :--- | :--- | :--- |
| rates. |  |$\quad$ Upto IR1

2. Which of the following statements best describes the amount of risk fluctuation you will tolerate in the value of your investments?
a. $\square$ Safety Oriented - Investors who hope to experience minimal fluctuations in portfolio value over a rolling one year period and are generally only willing to buy investments that are priced frequently and have a high certainty of being able to sell quickly (less than a week) at a price close to the recently observed market value.
b. Conservative - Investors who hope to experience no more than small portfolio losses over a rolling one-year period and are generally only willing to buy investments that are priced frequently and have a high certainty of being able to sell quickly (less than a week) although the investor may Upto IR2 at times buy individual investments that entail greater risk.
c. $\square$ Moderate - Investors who hope to experience no more than moderate portfolio losses over a rolling one year period in attempting to enhance longer-term performance and are generally willing to buy investments that are priced frequently and have a high certainty of being able to sell Upto IR3 quickly (less than a week) in stable markets although the investor may at times buy individual investments that entail greater risk and are less liquid.
d. $\square$ Aggressive - Investors who are prepared to accept greater portfolio losses over a rolling one year period while attempting to enhance longer-term performance and are willing to buy investments or enter into contracts that may be difficult to sell or close within a short Upto IR4 time-frame or have an uncertain realizable value at any given time.
e. $\square$ Very Aggressive - Investors who are prepared to accept large portfolio losses up to the value of their entire portfolio over a one year period and are generally willing to buy investments or enter into contracts that may be difficult to sell or close for an extended period or have an uncertain Upto IR5 realizable value at any given time.
f. $\square$ Most Aggressive - Investors who are prepared to put their entire portfolio at risk over a one year period, and may even be required to provide additional capital to make up for portfolio losses beyond the amount initially invested, are generally willing to buy investments or enter into contracts that may be difficult to sell or close for an extended period or have an uncertain realizable value at any given time.

## RISK CAPACITY

3. How long would you consider investing to achieve your investment objective as selected in question 1?

| a. $\square$ Upto 3 years | Upto IR4 |
| :--- | :--- |
| b. $\square$ Upto 7 years | Upto IR5 |
| c. $\square$ Upto 10 years | Upto IR6 |
| d. $\square$ Upto 15 years | Upto IR6 |
| e. $\square$ Upto 30 years | Upto IR6 |

## The investor rating definition section is to be filled in by the Bank official

## INVESTOR RATING DEFINITION

Based on the information that you have provided above your current investment profile has been evaluated as :
IR1 $\square$ Investors who hope to experience minimal fluctuations in portfolio value over a rolling one year period and are generally only willing to buy investments that are priced frequently and have a high certainty of being able to sell quickly (less than a week) at a price close to the recently observed market value.

IR2 $\square$ Investors who hope to experience no more than small portfolio losses over a rolling one-year period and are generally only willing to buy investments that are priced frequently and have a high certainty of being able to sell quickly (less than a week) although the investor may at times buy individual investments that entail greater risk.

IR3 $\square$ Investors who hope to experience no more than moderate portfolio losses over a rolling one year period in attempting to enhance longer-term performance and are generally willing to buy investments that are priced frequently and have a high certainty of being able to sell quickly (less than a week) in stable markets although the investor may at times buy individual investments that entail greater risk and are less liquid.

IR4 $\square$ Investors who are prepared to accept greater portfolio losses over a rolling one year period while attempting to enhance longer-term performance and are willing to buy investments or enter into contracts that may be difficult to sell or close within a short time-frame or have an uncertain realizable value at any given time.

IR5 $\square$ Investors who are prepared to accept large portfolio losses up to the value of their entire portfolio over a one year period and are generally willing to buy investments or enter into contracts that may be difficult to sell or close for an extended period or have an uncertain realizable value at any given time.

IR6 $\square$ Investors who are prepared to put their entire portfolio at risk over a one year period, and may even be required to provide additional capital to make up for portfolio losses beyond the amount initially invested, are generally willing to buy investments or enter into contracts that may be difficult to sell or close for an extended period or have an uncertain realizable value at any given time.

## 4. INVESTORS ACKNOWLEDGEMENT
